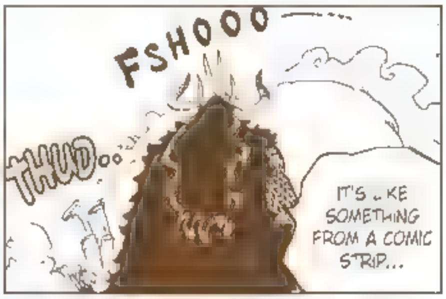
Q: Do the later members to join the crew (Robin, Franky, Brook, Jinbe) ever hear about the earlier adventures in the East Blue from the more senior members (like Usopp)? I'm really curious about this!

--Seito

A: Some things they know, some things they don't. Let's break it down by their personalities. Luffy and Zoro don't really talk about the past. Nami, Sanji and Chopper will tell you if you ask them. And Usopp will tell you stories unprompted. Of course, the adults are smart enough to see through his lies, so if they're really curious, they'll ask Nami, Sanji or Chopper. For the most part, however, the Straw Hat Crew are a bunch of folks who don't care too much about each others' pasts.

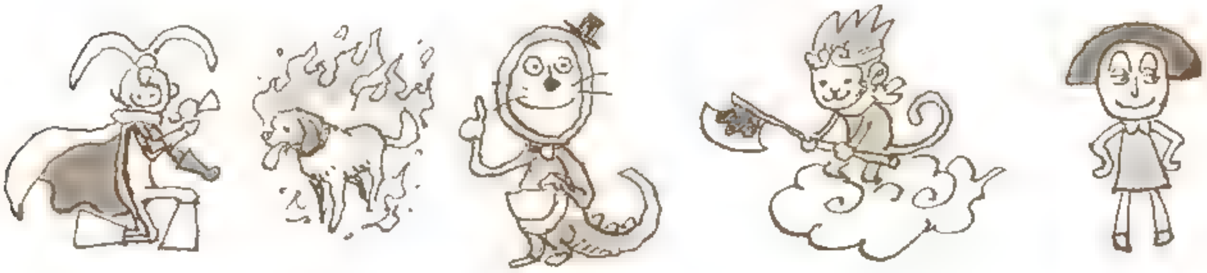
Q: In chapter 1045, Kaido mentions "comic strips." Does that mean the concept of manga doesn't exist in the world of *OP?* What?! You mean Kaido hasn't read *One Piece?!*

--Kei



FSHOOO
THUD
IT'S LIKE SOMETHING FROM A COMIC STRIP...

A: You hear the terms "storybook" and "comic strip" pop up in *One Piece* from time to time. Storybooks are just what you'd expect, but you can think of "comic strips" as being the manga of the *OP* world. They don't have the custom of including dialogue in speech bubbles, so instead there are narrative boxes by the art that have prose text and quotations from the characters. Some of the most famous comic strips are *Sora, Warrior of the Sea, Mastiff-oenix, Pokaemon, Monkey Ball,* and *Marco-san.*



There are all kinds out there

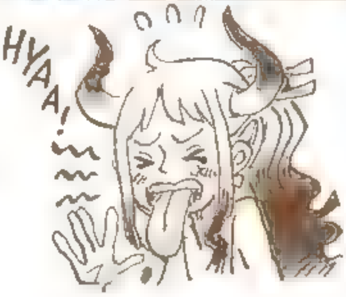
(Tsuke-bo, Saitama)



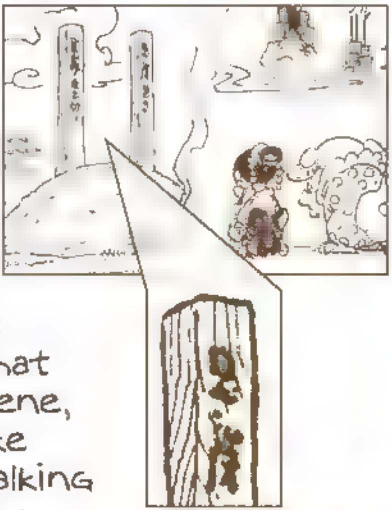
Q: Does Yamato have a least favorite food?

--Gum-Flame Fruit

A: Anything spicy. Over-stimulating foods like chiles and wasabi make Yamato go, "Hyaa!"

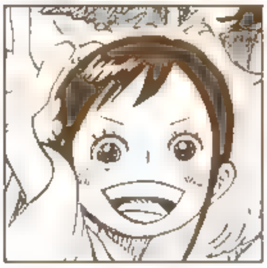
Q: If you look really closely at the grave markers for Otama's parents, you can make out the kanji for Kurozumi! Does this mean that despite coming from the same background as Orochi, who responded to the persecution of the Kurozumis with revenge, Otama is meant to be a symbol of hope for the future of the new Wano, much like Koala was with Hody?

--Rimika



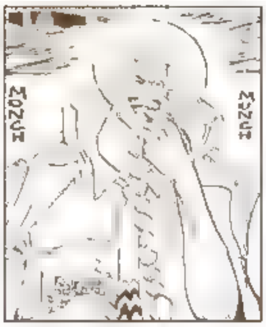
A: Wow, you caught that small detail! I'll be direct: Otama's birth name is Kurozumi Tama. Does that mean she deserves hatred? In the arc's final scene, Hiyori proclaims, "Kurozumi Orochi! Charcoal like you is only worthy when it burns", but is she talking about Otama too? Of course not. If you follow Hiyori's story, it's clear she is referring specifically to Orochi in the singular.

But how would people react if they learned Otama carries the Kurozumi bloodline? I ask you to use your imaginations. It has been a major problem throughout history--one that prevailed in the past and continues to this day.



Q: Where do they make Marine crackers? Where do they sell them? I want to try them!

--Tomari Shinonome



A: Everyone is pretty familiar with a cantankerous old cracker craftsman in the western part of the South Blue named Eiyess Emmar. His famous catchphrase is "Crackers are rock'n'roll!" Sengoku loves his crackers, so the Marines buy a supply from him. They sell them at the store in Marine HQ

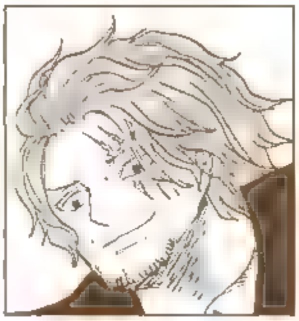
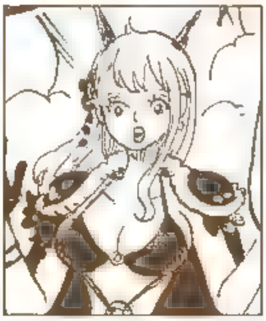
A: A female reader has sent me a message addressed to Sanada You tell him off for me!



Q: I've got a comment I need to get off my chest regarding Sanadacchi.
"I too want to worship and drool and get very very aroused over the altar of my beloved Shanks's chest!"
And that desire is every bit as strong as your perverted passionate feelings for Nami! That's all. Ahh, I feel so much better now!♡

--Munecchicchi

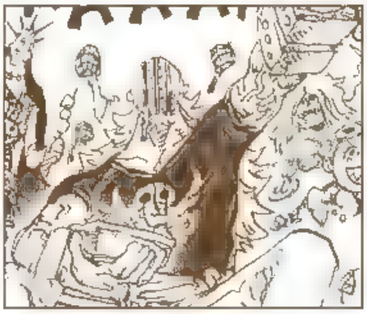
A: **Wait a second! You're trying to compete with him?!**



Q: I want to take a big chomp out of Nami's enormous millet dumplings!

--Sanadacchi

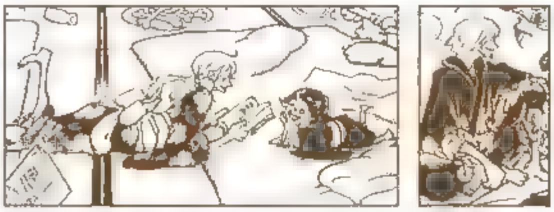
A: **Not you too!! You're both banned! Get out of here!!**
And what about your PTA job?



Q: I have a question. Is Killer eating takoyaki in this scene?! He's only supposed to be able to eat very thin noodles.

--Occhi

A: No, no, look closer! I had a bunch of people asking about this. That's yakisoba! It's grilled noodles! He's fine! He was slurping them through the holes. My astigmatism has gotten worse lately, so I could have made that clearer. Sorry about that!



Q: Hi, Oda Sensei! In chapter 1052, what kind of book is Nami reading to Toko? I'm curious, but I can already tell one thing--it's not something Sanji's interested in!

--Yuu kun

A: Ah, you noticed them? It's a heartwarming scene, isn't it? Nami loves to pore over the books she finds wherever they go. She must have found that in the castle's library. I believe it's a fashion book about kimonos But Sanji's looking the other way

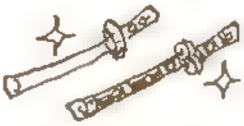
A: I had a lot of questions about Zoro's bloodline. Since I don't think I'll be showing it in the story itself, I'll announce it here.

Zoro's Family Tree!!

55 YEARS AGO

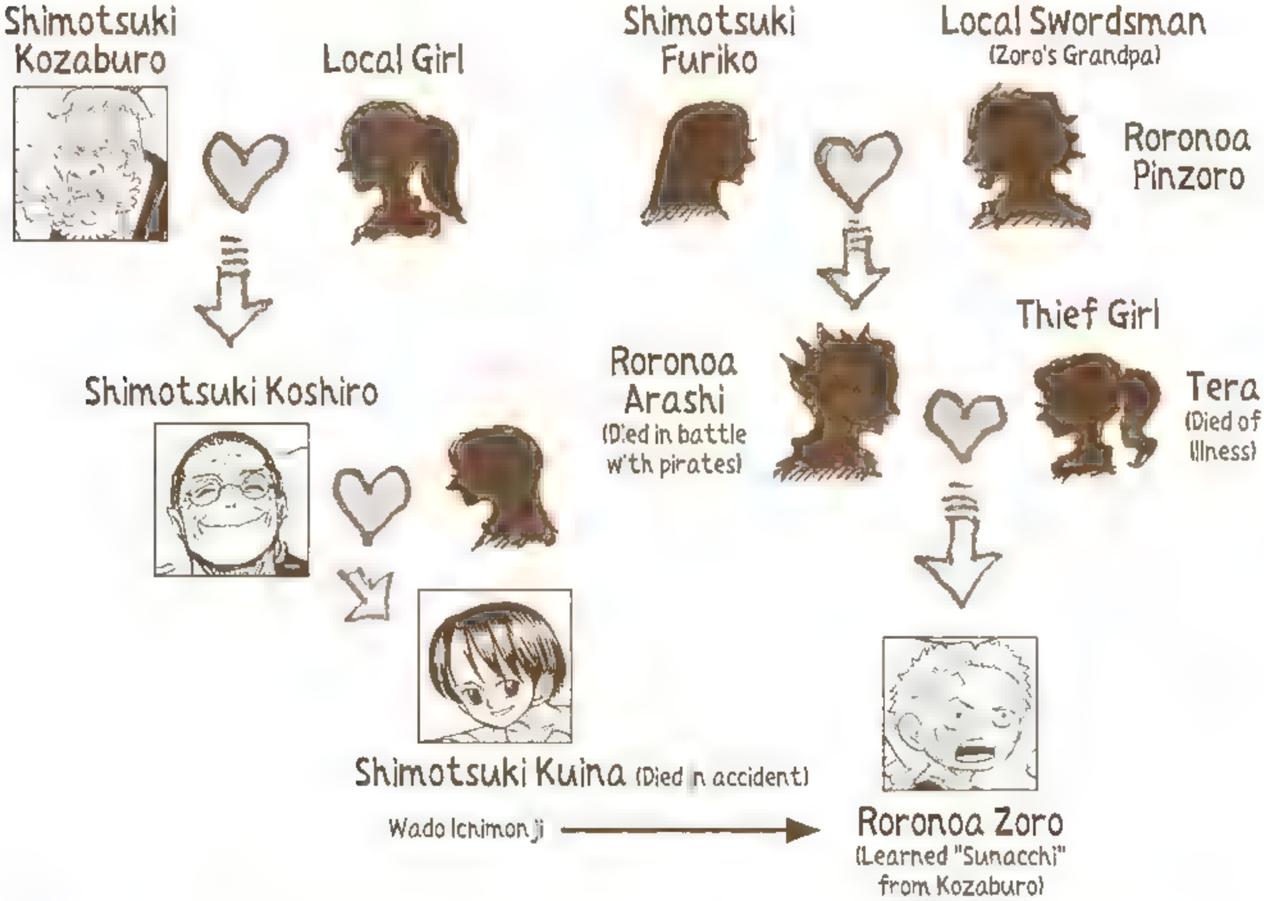
Shimotsuki Kozaburo



- Made Wado Ichmonji and Enma (gifted for Oden's fourth birthday)
- Left Wano with a group of 25 (including Ushimaru's sister Furiko and Minatomo the carpenter)

52 YEARS AGO

- Wins a battle against bandits attacking a village in the East Blue.
- Ten members of the crew stay and settle down, creating Shimotsuki (Frost-Moon) Village.



Shimotsuki Kozaburo
Local Girl
Shimotsuki Furiko
Local Swordsman (Zoro's Grandpa)
Roronoa Pinzoro
Shimotsuki Koshiro
Roronoa Arashi (Died in battle with pirates)
Thief Girl
Tera (Died of Illness)
Shimotsuki Kuina (Died in accident)
Wado Ichimonji
Roronoa Zoro (Learned "Sunacchi" from Kozaburo)

A: The younger brother of Shimotsuki Furiko, one of the members who sailed away from Wano, was none other than the "So-and-So" Yamato met as a child in the cave, also known as Shimotsuki Ushimaru, former daimyo of Ringo, and descendant of Shimotsuki Ryuma, the legendary samurai Zoro met on Thriller Bark. Does that mean what I think it does. ? Yes! It's a story of a very strange, twisted fate that even Zoro is unaware of.

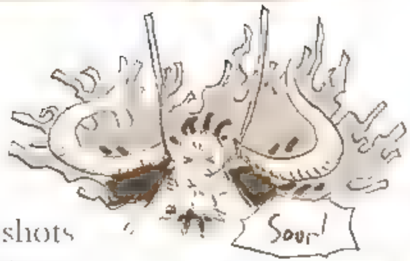
SBS Question Corner

(Takahisa Fujimoto, Nara)

Q: What does Kaido look like when he eats an *umeboshi* (sour pickled plum)?

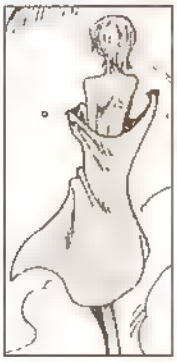
--Junya

A: Like this. ➡



Q: This is a serious question. I've noticed that there are cleavage shots in *One Piece,* but no panty shots. Is there a personal policy you have that informs that decision?

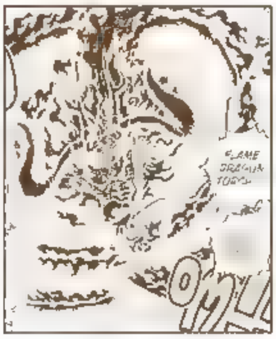
--Panty Shot God



A: Well... **I'm just not interested in them. (LOL)** All my life, I've seen panty shots used in manga as a fan service thing, but it's always something that passively happens to the female characters... Which is why I thought it was a revolutionary move for Nami to take an active role instead when she did "Happiness Punch."

Q: Odacchi, was the move "Flame Dragon Torch" in chapter 1048 based on the classic rakugo story, "The Flaming Drum"?

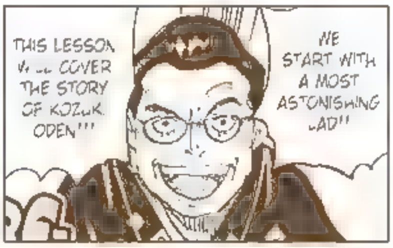
--Shinnosuke



A: That's right! In Japanese they're both pronounced the same way, but with different kanji. Not that I think anyone cares! *(laughs).* By the way, there's a hit new manga in *Shonen Jump* about rakugo called *Akane-banashi.* You should check it out, it's really good.

Q: Mr. Oda! In chapter 1052, is that storytelling gentleman perhaps based on the classical singer and actor Torazo Hirosawa? I believe you said on a radio interview a long time ago that you were a fan…

- Negixile



WE START WITH A MOST ASTONISHING LAD!!
THIS LESSON WILL COVER THE STORY OF KOZUKI ODEN!!!

A: That's right! Now you're getting into even more hardcore territory than just rakugo, but that's correct! Rakugo, shamisen, historical lectures, and samurai dramas! The Wano arc has been packed with all of my favorite traditional arts! *Be-beng!!*
That's all for this SBS! See you next volume!!

KUROZUMI OROCHI! CHARCOAL LIKE YOU...

- HIYORI'S ***LAST WORDS*** AGAINST OROCHI CAUSED QUITE A LOT OF CONFUSION AMONG ENGLISH READERS WHEN FIRST PUBLISHED, BECAUSE WHEN ODEN FIRST USED THIS LINE YEARS BACK, TRANSLATORS HAD NO CONTEXT FOR IT AND THUS TRANSLATED IT AS "*I AM ODEN AND I WAS BORN TO BOIL*". IN REALITY, THE LINE TRANSLATES MORE ACCURATELY TO "*ODEN IS ONLY WORTHY WHEN IT IS BOILED*", MEANING THAT ODEN SHOULD BE EATEN WHILE IT'S STILL HOT, WHICH IS THEN RETAKEN DURING HIS DEATH AS A WAY TO BRING CLOSURE TO HIS LIFE. CULTURALLY, THIS HARKENS TO TRADITIONAL JAPANESE RAKUGO THEATER, WHERE WORDPLAY IS USED IN ITS *WARAIBANASHI* (USUALLY TRANSLATED AS "LAUGH TALES") TO DELIVER POWERFUL MESSAGES.

HIYORI RETAKES THIS LINE AGAINST OROCHI EXCEPT SHE MAKES A WORDPLAY WITH HIS FAMILY NAME "KUROZUMI", WHICH MEANS "BLACK CHARCOAL", TO CONDEMN OROCHI'S ONLY WORTH BEING TO BURN AND DISAPPEAR, JUST AS IS CHARCOAL'S ONLY REAL WORTH. IN JAPANESE, THIS NUANCE WAS MOSTLY UNDERSTOOD BY THE MAJORITY OF READERS. HOWEVER, THIS CONFUSED ENGLISH READERS AS THE LINE WAS ORIGINALLY TRANSLATED FOR CONSISTENCY AS "*KUROZUMI WAS BORN TO BURN*", WHICH MADE IT SEEM LIKE HIYORI CONDEMNED OROCHI SIMPLY FOR BEING A KUROZUMI AND HAD A RACIAL DISTAIN FOR HIS CLAN. AS ODA ELABORATED IN THE SBS, HIYORI'S CONTEMPT WAS INTENDED AT OROCHI ALONE.

FURTHERMORE, IN JAPANESE, HIYORI USING "KUROZUMI" WAS SIMPLY REFERRING TO OROCHI IN THE SINGULAR, BUT THE NUANCE OF ADDRESSING SOMEONE BY THEIR FAMILY NAME, A COMMON PRACTICE IN CONTEXT-SENSITIVE JAPANESE, WAS ALSO LOST IN ENGLISH. THIS MADE SOME ENGLISH READERS THINK SHE REFERRED TO THE FAMILY AS A WHOLE DESERVING TO BURN, SO WE MADE SURE TO TRANSLATE IT INTO SOMETHING THAT SOUNDS MORE NATURAL IN ENGLISH SUCH AS USING HIS FULL NAME

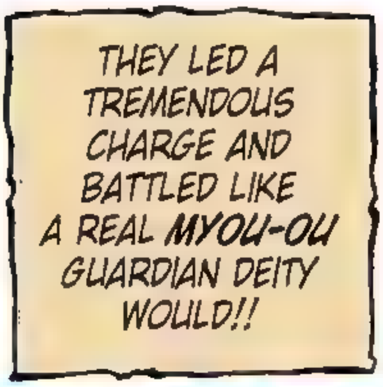
WHAT, YOU MEAN FINDING THE GUY THEY CALL "FIRESCAR"?
THE SAME THING WE FORCED BIG MOM'S COMMANDER TO STEAL FOR US?

- KID REFERS TO A CERTAIN MAN CALLED "***FIRESCAR***". IN JAPANESE, IT IS WRITTEN AS "HINOKIZU", WHICH LITERALLY TRANSLATES TO "FIRE SCAR". SOME TRANSLATIONS WENT FOR NAMES LIKE "BURN SCAR" OR EVEN THE MOUTHFUL "THE MAN MARKED BY FLAMES", BUT REALLY "FIRESCAR" IS THE MOST DIRECT AND ACCURATE TRANSLATION. FURTHERMORE, KID STATES THAT THEY FORCED ONE OF BIG MOM'S COMMANDERS TO STEAL THE PONEGLYPH FOR THEM, WHICH WAS MISSING IN THE ORIGINAL TRANSLATION



THEY LED A TREMENDOUS CHARGE AND BATTLED LIKE A REAL *MYOU-OU* GUARDIAN DEITY WOULD!!

- LUFFY, LAW, AND KID ARE LIKENED TO BEING LIKE "***MYOU-OU***", REFERRING TO THE GUARDIAN DIETIES OF JAPANESE FOLKLORE, WITH HYOGORO HAVING LIKENED LUFFY TO ONE EARLIER. SIMILARLY, BIG MOM IS LIKENED TO BEING LIKE A GHASTLY YOKAI

- ***HIBARI*** SPEAKS IN A HIROSHIMA DIALECT IN JAPANESE, NATIVE TO THAT REGION. INTERESTINGLY, THE ONLY OTHER CHARACTER SO FAR IN THE SERIES TO USE SAID DIALECT IS SAKAZUKI. HER NAME TRANSLATES TO THE SKYLARK BIRD

- PRINCE GRUS SAYS THAT PIRATE ISLAND IS ALSO KNOWN AS "***BEEHIVE***", OR "HACHINOSU" IN JAPANESE, DUE TO PIRATES COMING OUT OF IT LIKE BEES. IN THE ORIGINAL TRANSLATION, THIS WAS TRANSLATED AS "FULLALEAD", BECAUSE IN JAPANESE "TO TURN SOMEONE INTO A BEEHIVE" CAN ALSO BE AN EXPRESSION AKIN TO THE ENGLISH "TURN THEM INTO SWISS CHEESE", OR POKING THEM FULL OF BULLETS/LEAD, SO THEY LIKELY ASSUMED THAT WAS THE INTENDED MEANING. BUT AS GRUS CLARIFIES HERE, THE MEANING IS THAT OF AN ACTUAL BEEHIVE, SO WE TRANSLATED IT MORE ACCURATELY

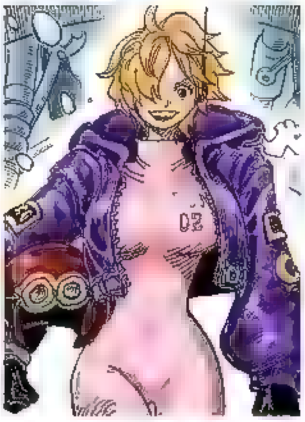
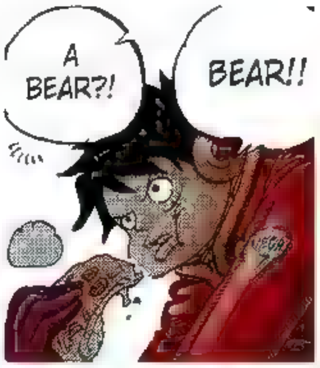
- VICE ADMIRAL ***DHOLE*** WAS ORIGINALLY TRANSLATED AS "DOLL". HOWEVER, GIVEN THAT A LOT OF VICE ADMIRALS HAVE THE NAMES OF DOG BREEDS, IT'S MORE LIKELY SHE MAY BE NAMED AFTER THE DHOLE DOG, THOUGH WE STILL LACK OFFICIAL ROMANIZATION

- WHEN LILITH FIRST APPEARS, SHE REFERS TO THE STRAW HATS AS "***YOUNG RASCALS***". THOUGH THIS WAS ORIGINALLY JUST "RASCALS", THIS IS SOMETHING WE ADDED TO REPRESENT THE FACT THAT IN JAPANESE HER SPEECH PATTERN IS LIKE THAT OF AN OLD MAN, WHICH IS AN INTENTIONAL CONTRAST WITH THE FACT SHE CLEARLY LOOKS VERY YOUNG, SHOWING SOMETHING IS AMISS

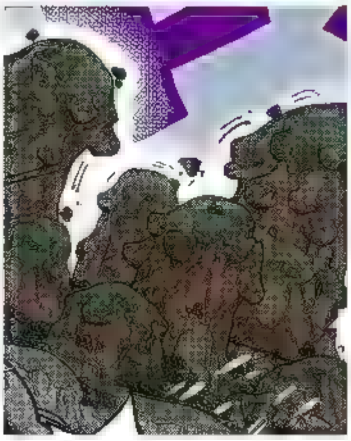


- LUFFY REFERS TO THE HOLOGRAMS AS "***HOLLOW HOLLOWS***", LIKELY RECALLING PERONA'S POWERS FROM THRILLER BARK

- WHEN LUFFY SEES KUMA APPROACHING HE SAYS "***KUMA***" IN JAPANESE, BUT THE OTHERS MISTAKE HIM SAYING AN ANIMAL IS COMING BECAUSE "KUMA" IS JUST THE JAPANESE WORD FOR BEAR. WE TRIED TO KEEP IT AS "BEAR" BASICALLY BEING A NICKNAME THAT LUFFY IS USING FOR HIM



- THE ISLAND LAW AND BLACKBEARD FIGHT ON, "***WINNER ISLAND***", IS LIKELY MEANT TO BE A PUN BETWEEN LAW'S STATEMENT "WINNER TAKES ALL" AND THE FACT THAT ITS MOUNTAINS LOOK LIKE OCTOPUS WIENERS, A UNIQUE JAPANESE WAY OF COOKING WIENERS. TEACH'S ATTACK, "***QURASH***" IS A PUN BETWEEN QUAKE AND CRASH (*GURASH* IN JAPANESE)



- VEGAPUNK'S SATELLITES ARE ALSO REFERRED TO WITH THE NAME OF "***CATS***" IN JAPANESE. KAKU USES THE EXPRESSION "COULD USE A CAT'S HAND", WHICH IS THE EQUIVALENT OF THE ENGLISH EXPRESSION "COULD USE ANOTHER HAND". WE TRIED TO KEEP THE REFERENCE BY CALLING THEM "COPYCATS"

- EACH OF THE DIFFERENT ***VEGAPUNKS*** HAS A UNIQUE AND DISTINCTIVE FIRST PERSON PRONOUN AS WELL AS SPEECH PATTERN, WHICH WE WILL EXPLAIN HERE BELOW.

SPEAKER:	*FIRST PERSON PRONOUN:*	*SPEECH PATTERN:*
01 SHAKA (GOOD)	USES THE STANDARD WATASHI (私), A GENDER NEUTRAL PRONOUN APT FOR ALL SITUATIONS	SPEAKS IN A FAIRLY POLITE AND COLLECTED MANER, EXHUDING A SENSE OF WISDOM AND SOLEMNITY
02 LILITH (EVIL)	USES "WASHI" (わし), A PRONOUN USED BY OLD WISE MEN, TO CONTRAST WITH HER YOUNG FEMALE APPEARANCE	SPEAKS IN THE PATTERN OF AN OLD WISE MAN, BUT SOMETIMES ALSO LIKE A RUDE YOUNGER PERSON
03 EDISON (THINKER)	USES "WAI" (わい), A MASCULINE PRONOUN THAT IS TYPICAL OF THE KANSAI DIALECT, ALSO USED BY SENTOMARU	SPEAKS IN KANSAI DIALECT, A DIALECT FROM THE REGION INCLUDING OSAKA, KYOTO, AND OTHER CITIES
04 PYTHAGORAS (WISDOM)	USES THE MASCULINE FORMAL PRONOUN "BOKU" (ぼく), WHICH MAKES ONE SOUND MORE RESERVED AND POLITE	SPEAKS PRETTY POLITELY AND IN A COLLECTED SHIER MANNER
05 ATLAS (VIOLENCE)	USES ORE (おれ), A MASCULINE INFORMAL AND CASUAL PRONOUN, SHOWING MORE CHILD-LIKE ASSERTIVENESS	SPEAKS A BIT LIKE A YOUNG CHILD WITH A SHORT TEMPER, WHILE STILL HAVING THE WISDOM OF A SCIENTIST
06 YORK (GREED)	USES THE UNIQUE ATAI (あたい), A FEMININE PRONOUN USED ONLY BY VERY EFFEMINATE WOMEN FROM EASTERN TOKYO	SPEAKS LIKE A YOUNG MODERN DAY GIRL, WITH A LOT OF SLANG. THE ONLY PUNK TO SPEAK FEMININELY

THE ORIGINAL BODY IS REFERRED TO AS THE "STELLA" (ITALIAN FOR STAR, AROUND WHICH THE SATELLITES REVOLVE), ALSO READ AS "MAIN UNIT", A TERM USED FOR MACHINERY.

A "SHAKA MOON" REFERS TO A FULL MOON, WHEREAS A "LILITH MOON" REFERS TO A DARK MOON. EDISON, PYTHAGORAS, AND ATLAS ARE ALL CRATERS ON THE MOON, WHICH MAKES SENSE CONSIDERING THEY ARE ALL "SATELLITES". THE ONLY OUTLIER IS YORK, WHOSE NAME IS DERIVED FROM "YOKU", THE JAPANESE TERM FOR HER ASPECT OF "GREED"
